

LACBOR NEEDS YOU!

The Los Angeles County Board of REALTORS® is seeking real estate professionals for its newly created category of individual membership. We need your support, more than ever before in our 40 year history. The current economic climate combined with decreases in property and sales taxes has many government entities desperate for new revenue streams. Too many of their proposals adversely affect real property owners, transactions, and ultimately, real estate recovery efforts.

LACBOR has engaged a highly experienced, qualified and skilled Government Affairs Director to monitor and inform us on matters that impact REALTORS® and private property rights. This position is essential because ominous legislation and regulations can occur quickly and sometimes surreptitiously.

We need your help in sustaining the resources necessary to inform, educate and advocate on the county level for the REALTOR® community. Your support will help us increase our value to you, your clients and the profession.

YES, register me as an Individual Member and Supporter of LACBOR so that I can receive notices, newsletters and alerts!

Enclosed is my membership fee made payable to LACBOR.

Lifetime Membership	\$250
